SupaLube Passenger Car Motor Oils

SUPALUBE EXCELON 0W30 SN

Description

SupaLube Excelon is the next generation ultimate performance synthetic motor oil specially engineered to exceed OEM requirements. It is blended from premium synthetic base fluids and advanced environmentally friendly additive system to provide excellent fuel economy, improved emission control system durability, excellent deposit and sludge control as well as ensuring excellent wear protection of engine parts.

Applications

SupaLube Excelon is recommended for current and future model high performance passenger cars fitted with emission control devices, fuel injections, turbo-chargers, super-chargers and multi-valve gasoline, diesel, LPG and Flexible Fuel Vehicle (FFV) engines.

Benefits

- Optimised engine power output for better engine response and acceleration
- Ultimate engine wear protection at extreme driving conditions
- Excellent piston deposit control and engine cleanliness
- Resistance oil thickening and thermal breakdown in extreme and extended drain service
- Excellent fuel economy

Performance

API SN | ILSAC GF-5

SUPALUBE SUPREMO 5W40 SN/CF

Description

SupaLube Supremo is the next generation ultimate performance synthetic motor oil specially engineered to exceed OEM requirements. It is blended from premium synthetic base fluids and advanced environmentally friendly additive system to provide excellent fuel economy, improved emission control system durability, excellent deposit and sludge control as well as ensuring excellent wear protection of engine parts.

Applications

SupaLube Supremo is recommended for current and future model high performance passenger cars fitted with emission control devices, fuel injections, turbo-chargers, super-chargers and multi-valve gasoline, diesel, LPG and Flexible Fuel Vehicle (FFV) engines.

Benefits

- Optimised engine power output for better engine response and acceleration
- Ultimate engine wear protection at extreme driving conditions
- Excellent piston deposit control and engine cleanliness
- Resistance oil thickening and thermal breakdown in extreme and extended drain service
- Excellent fuel economy

Performance

API SN/CF | ACEA C3 | MB 229.51 | VW 502.00/505.01 | BMW LL-04

SUPALUBE ULTRA 20W50 SL/CF

Description

SupaLube Ultra is premium quality multigrade motor oil designed for modern passenger cars and light trucks fitted with multivalve high performance engines. Its specially selected additive system provides exceptional deposit control and reduced engine wear even under severe operating conditions

Applications

SupaLube Ultra is recommended for most passenger cars, SUVs and light trucks with turbo-charges or supercharged engines

Benefits

- Exceptional engine protection in severe driving conditions
- Exceptional sludge and varnish deposits control
- High shear stability
- Good low temperature fluidity to minimise wear at start-up

Performance

API SL/CF

SUPALUBE HD PLUS 40 SG/CF

Description

SupaLube HD Plus is high quality motor oil blended using high quality base oils and selected additive technology to satisfy demand for good quality oil for engine protection and performance.

Applications

SupaLube HD Plus is recommended for use in all naturally aspirated, turbo-charged or super-charged engines in all driving conditions.

Benefits

- Good high temperature piston cleanliness and deposit free turbo-chargers
- Good detergency and dispersant properties to minimise soot induced oil thickening and associated wear
- Good protection against high temperature corrosive wear
- Good thermal and oxidation stability to minimise oil thickening

Performance

API SG/CF | MIL-L-2104F
