

Energizing Kenya

A collage of three images: a yellow CAT excavator on the left, a green John Deere tractor in the center, and a white HMM off-highway truck on the right. The text is overlaid on a semi-transparent white banner across the middle.

Tractor Universal, Drive Train and Off-Highway Transmission Fluids

SUPATRACTOL 15W40 CI-4⁽¹⁾/CF-4/CF/SF

Description

SupaTractor is a premium quality multipurpose Super Tractor Oil Universal (STOU) lubricant formulated with premium quality base oils and advanced additive system exclusively designed to meet and exceed the various lubrication requirements of engines, transmissions, hydraulics, final drives and wet brake and clutches of most modern farming equipment.

Applications

SupaTractor is recommended for the lubrication of engines, transmissions, differentials, final drives, power takeoff, oil immersed braked, power steering and hydraulic systems of full range tractors and other farming equipment.

Benefits

- One oil for all the oil-lubricated tractor components
- Excellent piston deposit control and engine cleanliness
- Excellent anti-wear for load carrying capability in transmissions, gears, bearings and consistence performance
- Excellent friction characteristics to ensure chatter-free performance in wet brake system
- Good rust and corrosion protection

Performance

API CI-4(1)/CF-4/CF/SF | ACEA E2/E7(2) | MAN 271 | API GL-4
Allison C-4 | Ford M2C159-B | Cat TO-2 | MB 228.1/MB 228.3
Massey Ferguson CMS m1145/1144/1139 | ZF TE-ML 06B/06C/06D/07B
MIL-L-2104D

Note: (1) – API CI-4 and ACEA E7 level of soot control, (2) – MB 228.3 level of wear performance

SUPATRANSOL 10W30

Description

SupaTractor is a premium quality multipurpose universal tractor transmission oil specially formulated with high quality base oils and additive package for use in hydraulic, transmission, wet brakes and other ancillary systems fitted to agricultural equipment and other similar off-road equipment.

Applications

SupaTractor is recommended for the lubrication of transmissions, hydraulic systems, ancillary systems and wet brakes of tractors and off-highway equipment of most OEMs.

Benefits

- Excellent anti-oxidation, anti-wear, anti-corrosion and anti-foam properties
- Outstanding shear stability
- Excellent low temperature fluidity
- Outstanding performance to reduce downtime and costs

Performance

API GL-4 | Allison C-4 | Case MS 1207, 1209, 1210 | Cat TO-2
Massey Ferguson M1143, M1145 | ZF TE-ML 03E, 05F, 06D, 06K, 17E, 21F
MIL-L-2104D

SUPATRANS HD SERIES GL4

Description

SupaTrans HD Series are premium quality high performance transmission drive train fluids specially designed for application in power shift transmissions, drive trains and hydraulic systems in off-highway equipment where the use of oil meeting Caterpillar TO-4 is recommended.

Applications

SupaTrans HD Series oils are highly recommended for the lubrication of all automatic transmissions, power steering, gearbox, final drives and other hydraulic systems for which Dexron IID type fluid is required.

Benefits

- Exceptional oxidation resistance and improved cleanliness of transmissions
- Excellent compatibility with components
- Excellent protection against rust and corrosion
- Outstanding load carrying capacity and anti-wear performance

Performance

Caterpillar TO-4/TO-4M | Komatsu KES 07.868.1 | API GL4
Allison c-4 | SperryVickers/Eaton I- 2890-S
SperryVickers/Eaton M- 2950-S
